

COVID-19 SCAM ALERT

Scammers are hard at work during this crisis. Don't fall for any of the following.

...

Scammers calling to offer home refinancing, student loans and other debt forgiveness (for a fee, of course).

Scammers calling from Medicare or CDC with a health kit (hint: they are not) or the Social Security Administration.

We are still seeing plenty of their go-to favorites: tech support, utilities, or lower-your-interest-rate scams.

Stay alert and don't give out ANY information.
Just hang up!
